GREAT SHOW IS NOW OPEN

London, May 11.—Irme Kiralfy's greatest undertaking, the Franco-British Exhibition, opened its gates to the public today and will continue through the coming summer. The promoters expect to have thirty million visitors, a large proportion of whom will come from the other side of the channel.

The exhibition is the largest enterprise of its kind ever undertaken in England. It occupies a park of nearly 150 acres, conveniently located in North London suburb. A score of spacious exhibition palaces house a fair-land of exhibits illustrating the science, art and industry of Great Britain and France. The buildings are large and artistic structures, built for the most part of steel, iron, concrete and plaster. The one big feature is the giant machinery hall, which is the largest building ever erected at any exhibition. It contains a total floor space of over eight acres.

ANOTHER VALEDICTORY SERVICE

Farewell Sermon to Rev. J. J. Tatum
Sunday Afternoon—Notable Union
Service.

Only a week ago many of the members of the evangelical churches of Bryan joined the Pastors' association in a final tribute of respect and affection to Rev. Dr. J. D. West, the retiring pastor of the Presbyterian church. Last Sunday a similar service was performed in the Free Baptist church in honor of Rev. J. J. Tatum, who after two years having held the pastorate for two years is leaving for another field of labor. The church was full to its utmost capacity and some who came late were unable to gain admission.

Dr. Butler, president of the Pastors' Association, presided and after a hymn by the choir, opened the service by chapter of Acts, beginning at the 16th reading the last part of the 20th verse, the scripture lesson being an account of Paul's valedictory address to the church at Ephesus. The reading was accompanied with a running commentary applying the Apostle's words to the present occasion.

Mrs. J. Webb Howell sang a solo appropriate to the service with such faithful interpretation of the sentiment that it is scarcely an exaggeration to say there were tears in her voice.

In behalf of the Pastors' Rev. J. B. Turrentine told how the members of the association were accustomed to discuss their differences in a spirit of love. He paid a high tribute to any departing brother, who never on any occasion failed to respond to the call of duty. In this connection he spoke of the work of the faithful pastor—its trials and disappointments—comparing the esprit de corps of the members of the association to that of soldiers who love the old and blood-stained battleflag because it represents the fellowship of suffering. The concluding valedictory words were spoken with a tender pathos which touched many hearts.

Rev. Challenner, speaking in behalf of the churches represented in the association, and that while his pastorate in Bryan is as yet only a year and half old he is in point of service the oldest except Dr. Butler. Discussing the relation of pastor to people he said Rev. Tatum was one of the leaders in the tendency which is drawing the members of the different churches closer together. This ignoring of denominational lines has progressed so far that he felt safe in predicting that within twenty years the Missionary Baptists, the Free Baptists and the Disciples of Christ (commonly called Christian church) would become one people, and that the amalgamation would continue till all who acknowledge Christ as Lord would be perfectly joined together, all speaking the same things.

Prof. R. O. Allen of Allen Academy was introduced by Dr. Butler as "a man who has never been known to say a foolish thing," and who was put on the program because he loves good men. Prof. Allen expressed his pride in the churches of Bryan. In nine years seven houses of worship have been built, some equal to the best in the larger and more pretentious cities and all creditable to the town. But men are worth more than even finest buildings. The Bryan pastors are all men of culture and fully consecrated to their work. Rev. Tatum has made a lasting impression on Bryan, possessing all three of the essential qualifications for effective service: 1st, desire to do good; 2nd, intellectual and educational equipment; 3rd, interest in men and in current affairs. He has visited the schools and everything that is for the good of the town and has always been first or among the first to respond to the call of duty. For these things the people of Bryan love him, and partly for his sake they love and honor the Free Baptist church.

In response to these several farewell tributes Rev. Tatum expressed

his affectionate regard for President Butler, and his fellow ministers of the Pastors' Association. All had been helpful to him. Like the Psalmist he felt in his heart that he would "rather be a doorkeeper in the house of God" than to revel in palaces of sin. Christians are the best people on earth. Our parting is sad but it is gladdened with the hope of an eternal meeting with each other and with all the redeemed.

In conclusion, the congregation sang: "God be with you till we meet again," and Rev. Tatum pronounced the benediction.

FINAL SERMON BY REV. TATUM.

Others Made Short Talks—Rev. T. C. Ferguson Called to Succeed Rev. Tatum as Pastor of the Bryan Church.

A large congregation faced Rev. J. J. Tatum in his farewell sermon Sunday night at the Free Baptist church, and in taking leave of the people with whom he has labored faithfully and successfully he gave them a message that will linger long in their hearts and minds.

Rev. Tatum was followed with brief addresses by Rev. T. C. Ferguson, Rev. T. A. Searcy and Rev. John Swanwick, in the nature of farewell and God speed to the departing brother. The service was affectingly concluded with a handshaking with Rev. Tatum, who left last night with his family for their home at Oelwein, Iowa, followed by the best wishes of the Bryan people.

Rev. T. C. Ferguson, late of Missouri, has been called by the Bryan church to succeed Rev. Tatum as pastor, and will enter at once upon his duties. He is an experienced and successful preacher, and has done much work as an evangelist. He has been here a week or more and has preached in Bryan and at other points in the county. He and his wife, who is also a zealous christian worker, have been warmly received by the people of Bryan.

Rev. Tatum preacher his farewell sermon at the Kurten Free Baptist church Sunday morning. Dinner was served on the grounds, and Rev. T. C. Ferguson preached in the afternoon.

PAN-AMERICAN PEACE PALACE.

Washington, D. C., May 11.—To the many memorable events of the past year or two which have emphasized in a formal, but none the less real way the development of closer relations of friendship and commerce between the United States and her sister republics of the world, must be added one other, the laying of the cornerstone for the office building of the Bureau of American Republics with solemn ceremonies this afternoon. This is the building which has been designated as the Pan-American peace palace, and toward the cost of which Andrew Carnegie contributed three-quarters of a million dollars.

The cornerstone laying was made notable by the presence of the president of the United States and many of his cabinet, by the representatives of the South and Central American governments, by the Supreme Court, by the Senate and House of Representatives and a large proportion of Washington's population.

The address of President Roosevelt was, of course, the chief feature of the ceremonies. Cardinal Gibbons delivered the invocation and there was a cordial greeting from Andrew Carnegie. Secretary of State Root made an address, specially cabled messages of congratulation were read from the presidents of all the Latin American republics, and brief speeches were made by Senor Nabuco, the Brazilian ambassador; Senor Calvo, minister of Costa Rica; Senor Cruz, minister of Chile, and Senor Godoy, charge d'affaires of the Mexican embassy.

DR. BUTLER HAS RESIGNED.

Goes to McKinney Avenue Baptist Church at Dallas—Regret General and Profound.

At the conclusion of the sermon in the First Baptist church Sunday morning Dr. Butler tendered his resignation of the pastorate, to take effect June 1st, he having decided to accept a call to the pastorate of the McKinney Avenue Baptist church in Dallas. The text of the resignation is as follows: May 10, 1908, To the Brethren and Sisters, First Baptist Church, Bryan:

It now becomes my painful duty after four and a half years of service as pastor of this church to offer my resignation as pastor. These have been years of sacrifice and hard work, but years of joy and happiness. Not only has the love for my blessed Master, but the love I have had for the members of this church made my work pleasant. There are three causes which have led to this decision: 1st. The conviction has grown to maturity with me that I have about accomplished the special work for which I was sent here by the Holy Spirit, and feeling this way I cannot be useful nor happy should I remain. Too, I am also convinced that the good Lord has prepared the man to take up this work who will do greater work than I have ever done, and especially greater than I could do in the future to remain, feeling as I do. Let it be understood however that I have no one in mind, and I shall not recommend one, but I believe firmly the Lord will guide the church to His own man for the place, if you seek His guidance in the matter. 2nd. I am also profoundly convinced that the Lord has opened a field of labor in Dallas, where He will in future bless my labors as he has in the past blessed them here. There is not the shadow of a doubt in my mind about this. 3rd. For seventeen months I have had great anxiety on account of the very poor health of my younger son. He has not passed six weeks in this time without a spell which caused us uneasiness. I feel that the change will in all probability be helpful to him. This resignation is offered after mature thought and much prayer and is final, taking effect by the first of June or as soon thereafter as the church procures a pastor.

Yours in the bonds of christian love,
Geo. B. Butler.

Dr. Butler stated that it was a part of his agreement with the church in Dallas that he is to attend the monthly meetings of the board of directors of the Texas Woman's College, and that he is to have time during the summer to make a canvass for pupils and in the fall to make another canvass to raise funds for the institution.

The resignation of Dr. Butler was accepted by his congregation with most profound regret which is shared by the people of Bryan generally without regard to church affiliation. He has done a great work here that will live to bless future generations, and goes to a larger field full of strength and zeal and followed by the prayers of the christian people among whom he has so successfully labored.

CAMP CROOK BURNS.

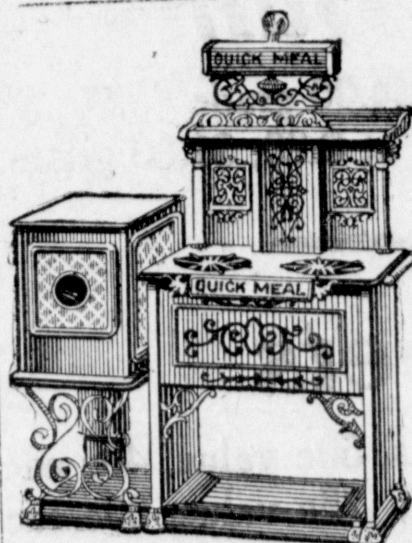

Flames Sweep From One End to the Other.

Deadwood, S. D., May 11.—Camp Crook, a town of 400 population, on the Little Missouri river, north of here, was destroyed by fire. The loss is \$200,000. The news was brought to this city by a courier from Bellefourche. The flames, the origin of which is unknown, swept from one end to the other of the village, and only a few buildings are left standing. Camp Crook was the trading post for a large territory and the merchants carried large stocks.

POSTPONED BY AGREEMENT

Evelyn Nesbit Thaw's Divorce Case Did Not Come Up Monday.

New York, May 11.—The hearing of Mrs. Evelyn Nesbit Thaw's suit for annulment of her marriage to Harry K. Thaw, was scheduled to begin at this city Monday, but was postponed by agreement of counsel. Daniel O'Reily, counsel for Mrs. Thaw, requested the postponement on the ground that he had been unable to secure certain evidences which he desired from Pittsburgh.

THE REVIVAL.

Interest Broadens and Deepens—Large Congregations Sunday and Yesterday.

Sunday morning all the seats under the tent and some on the outside were filled by an orderly and attentive congregation, including many who seldom attend divine service. The text of Dr. Boen's sermon was: "A bruised reed shall he not break and the smoking flax shall he not quench." These symbols represent the poor, the unfortunate, the distressed and the victims of sin. Jesus came to call not the righteous but sinners to repentance. Many incidents in the life of the Saviour were related and the word painting and pathos of some of the passages could scarcely be excelled. The large congregation listened with breathless interest and it was plain that many were deeply impressed.

In the afternoon the tent was well filled, chiefly with young people of both sexes, the service being especially for them. They were exhorted to choose wisely three things: 1st, choose Christ; 2nd, choose an honorable occupation; 3rd, make a wise choice of a companion for life—a husband or wife—and above all let the object of your choice be a Christian. The lecture sparkled with wit and was illustrated with personal reminiscences, and examples drawn from history and literature. Ripples of laughter were frequent.

Sunday night Dr. Boen took for his subject the organic union of Christians, arguing that the church of the Disciples offers a broad platform upon which all could stand. "We take," said he, "the baptism of the Baptists, some of the peculiar features of Methodism and the eldership of the Presbyterian." The large audience, which filled the tent and overflowed on the grass outside, seemed to receive the propositions presented with favor. In response to the usual invitation one man made a confession of his faith and will be baptized later.

By invitation Dr. Butler preached at the morning service yesterday, his subject being personal evangelism. The church has at last come back to the original plan of the first century—to send a redeemed man to reclaim one who is unredeemed. It is the Saviour's plan and if the church would succeed it must adopt it. Every successful business man and every candidate for office personally solicits patronage and support. We must go after all classes, the high and the low, the moral and the immoral. If the church will adopt Christ's plan He will bless our efforts and in another generation practically all the world will be brought to Christ.

SUCCESSION OF STORMS

Several Tornadoes Swoop Down
on Northeast

PORTION OF OKLAHOMA.

Twenty-Five Miles From Woodward a
Number of Villages Are Reported to
Have Sustained Much Damage and
One Lady Killed Outright.

Woodward, Okla., May 11.—A suc-
cession of tornado swept over the dis-
trict lying twenty-five miles south-
west, south and southeast of Wood-
ward late Sunday and Sunday
night. Several small desolated towns,
all off a railroad, and without tele-
graphic communications, are reported
destroyed. Many persons are said to
have been injured and several reported
dead.

Seven towns are reported to have
suffered damage more or less severe.
They are Grand, Arnett, Vici, Mutual,
Estelle, Cooley and Richmond. At
each place casualties are said to have
resulted. The known casualties are:

At Vici, Dr. Hauser was fatally in-
jured.

At Mutual, Arthur Sibel, wife and
several others were seriously injured.
Grand, the county seat of Ellis
county, is said to have been wholly
wrecked.

The towns of Estelle, Cooley and
Richmond are also reported to have
been devastated.

All these places are twenty-five
miles from a railroad. Wires are
down and it is impossible to obtain de-
tails.

At Little Robe, fifty-five miles south-
west of Woodward, Mrs. J. E. Hale was
killed.

In the vicinity of Arnett O. E. Null
and daughter was caught in the storm
while driving. They escaped injury,
but their team was killed.

The little town of Cestos, Dewey
county, is also reported wiped off the
map.

A terrific wind storm passed over
the Tulsa section of northeastern Okla-
homa Sunday night. Several houses
were unroofed and many small build-
ings blown from their foundations.
Plate glass windows at Tulsa were
broken and orchards in the surround-
ing territory practically devastated.
No casualties are reported.

The villages where the damage is
reported are all small places. Grand,
is the largest of the seven, and it has
only a few hundred inhabitants.

The scene of the tornado is the
northeast corner of the border of Okla-
homa, close to the Texas and Kan-
sas state lines. As far as learned it
traversed four counties and covered a
distance of seventy-five miles in
length.

PECULIAR SITUATION.

Brought About By an Opinion of the
Court of Appeals.

Austin, May 11.—A peculiar situa-
tion has developed regarding the
opinion of the court of civil appeals
in the double daily train service over
the Victoria division of the Galveston,
Harrisburg and San Antonio railway.
The court decided in favor of the state
on points of law involved in litigation,
and at the same time the railroad com-
pany by perpetuating its injunction
against the enforcement of the rail-
road commission order. The state
cannot appeal the case, as the law
was decided in its favor, and the rail-
road will not appeal, as it won on se-
curing its injunction. The railroad
would like to appeal, but cannot, and
the state has no grounds for an appeal.

Several officials of the Rock Island
railroad headed by J. W. Robbins,
vice-president and general manager
are here protesting against the val-
uation placed on eleven miles of com-
pleted road of the Rock Island from
Irving to Carrollton, Dallas county,
by the railroad commission. Officials
claim the valuation is too low and
want the commission to raise it.

Bequest Left College.

Austin, May 11.—The educational
department has received a communica-
tion from Stephenville, conveying the
information that Captain T. Wilkinson,
a well known citizen, had died and left
\$6,000 to John Tarleton college. This
amount is set aside in his will and
will be allowed to go to the college.
It will be used by the college authori-
ties to build a girls' dormitory.

COMMITTEE CALLS.

President Urged to Favor Plan For
Return of Prosperity.

Washington, May 11.—A committee
from the National Prosperity associa-
tion of St. Louis, called on President
Roosevelt to urge his aid in furthering
plans for encouraging the return of
prosperity throughout the country.

The committee found the president
cordial in his treatment and frank in
expressions of willingness to aid them
in every way possible. A short speech
was made by E. C. Simmons, chairman
of the executive committee of the as-
sociation which was responded to by
the president.

DERRINGER BESIDE BODY.

James A. Padgett Receives Bullet In
Heart From Old Weapon.

Dallas, May 11.—With an old-fash-
ioned Derringer pistol beside his body,
James A. Padgett was found lying cold
in death in a room at his residence in
this city Monday morning. The corpse
was on the bed and a bullet had pen-
etrated the heart. Deceased, who was
sixty-nine years old, leaves a widow
and three sons.

EXPLODES UNDER STAIRS.

Attempt Is Made to Blow Up a
Couple of Families.

Chicago, May 11.—What appears to
have been an attempt to assassinate
Vinyenzo Vivirito and Pietro Mosotto
and their families at No. 31 Gault
Court was made early Monday.

A dynamite bomb was exploded un-
der the stairway leading to the apart-
ments of both families. The attempt
to kill the families, the police assert,
was made to prevent them from ap-
pearing as witnesses against Antonio
Marici and his son, Vito, who are to be
tried in the criminal court on a charge
of conspiracy to commit murder.

Joseph Concilio, who was shot and
killed Feb. 2 by Battiste Scardini, had
lived at the house which friends of
the latter and Marici, so the police
suppose, attempted to blow up.

Scardini and Marici when, according
to the police, their letters containing
threats, failed to intimidate the victim
enough to cause him to leave \$500 in
a certain spot for them, decided to
kill him and, it is alleged the former
shot and killed the Italian and es-
caped.

Vivirito and Mosotto live on the
first and second floors of the two-
story brick building, respectively, and
were preparing to retire when the
bomb was exploded. It tore away a
large part of the rear wall of the
structure and wrecked the stairway.

None of the persons in the house
were hurt, but all were thrown into
a panic. No one was seen in the vi-
cinity of the house.

players, comprising the Mobile and
New Orleans Southern Baseball league
team, and Umpires Fitzsimmons and

ferior criminal court Monday morning

which convenes the first week of June.
Defendants were released on their own
recognizance.

Rayner Wants Investigation.

Washington, May 11.—Senator Ray-
ner introduced in the senate a res-
olution authorizing the president to con-
vene a court of inquiry, to consist of
five officers of the army, to investi-
gate charges and accusations against
Colonel Wm. F. Stewart, who has been
detained to serve until his retirement
at an abandoned military post at Fort
Grant, Ariz.

FEED, GRAIN

The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified
into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour
is the nutritious part of the grain which is extracted. Bolted meal is the dirt part. Home ground meal
advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.
